sets of 20

INSIDE

5-step method	rules	2
Set 1	Q1–20	3
Set 2	Q21–40	8
Set 3	Q41–60	13
Set 4	Q61–80	18
Set 5	Q81–100	23

HOW TO SOLVE

Para Jumbles Strategy

5 steps

Step 1 · Find the opening sentence

The first sentence introduces the topic and makes sense on its own. It usually has no pronoun (he, it, this, they) pointing back and no linking word (however, therefore, also) at the start.

Step 2 · Look for pairs

Pronouns and words like “this”, “such”, “these”, “the same” point back to something already mentioned. A sentence with “He” must follow the sentence that names him.

✓ “Ravi joined a bank.” → “He was posted in Pune.” (He = Ravi)

Step 3 · Follow linking words and time order

“First ... then ... finally”, “earlier ... later”, years and ages help you put events in order. “However” starts a contrast; “therefore / so” gives a result.

Step 4 · Find the closing sentence

The last sentence usually gives a conclusion, a result or a lesson (thus, therefore, in the end, as a result).

Step 5 · Use the options

In the exam, check which options start with your opening sentence and contain your pairs. You rarely need to fix all five positions yourself.

SET 1

Para Jumbles

Q001–020 of 100

Q1 Arrange the sentences in the correct order.

- A.** Today he flies for a leading airline.
- B.** Rahul wanted to become a pilot from a young age.
